

# ***Welcome to Slick Willie's Deep Throat Diner***

## **Our Finger Licking Menu**

*Juice de Amore* – a delicate blend of tropical nectars to lubricate the palate.

*Sensuous Salad* – A mixed bed of naked greens to tantalize your tongue, accompanied by the house dressing [always served on the side]. The house dressing is a smooth, juicy sauce, dripping with flavor, including virgin olive oil, a touch from the honey pot, a swig of hard cider and a tender caress of sesame seeds.

*The Cat's Meow* – get your pussy purring with this hair warming drink, a sensuous blend of tomato juice, libido stimulating spices and long, tantalizing peppers with just the right amount of tequila. A touch of the worm in every drink.

### Entrees

*Virgin Chili* – prepared entirely from the raw, this will pump you up.

*Real Meat* – a long, firm succulent peppered steak with a stimulating oyster sauce that really satisfies for a long time.

*Beaver pie* – this juicy casserole is a feast for more than one set of lips.

*The Really Big One* – a full twelve inches of the firmest, slickest sausage you ever slid into your mouth. Your choice of white, brown or red.

### Fantasy Desserts

*French Kiss*– you'll want to swallow every bit of this tantalizing tidbit.

*Twin Peaks* – A big pair of round spice cakes, each with a mound of whipped cream, and topped with a cherry, of course.

### Afterglow

A mellow brandy warmed to the peak of perfection slides down your throat, helping you glow from head to toe. Complimentary cigars available.
